

COMPARE THE OUTPUTS OF A CONVENTIONAL TWIN THREE GALLON URN AND THE NEW BUNN LIQUID ROAST LCA-2 DISPENSER

Bunn Twin 3 Gallon Automatic Coffee Urn

The Bunn Twin 3 gallon automatic coffee urn is fully automatic and features the following:

- Brews 18.1 to 20.9 gallons of perfect coffee per hour.
- Large water tank—over 20 gallons.

Bunn Liquid Roast Dispenser (LCA-2)

The dispenser is capable of dispensing 7,936 ounces of product before refilling. Compare that to the Bunn Twin 3 Gallon Urn. The Twin 3 Gallon Urn has a maximum output of 640 ounces before re-brewing is required.

*The Bunn LCA-2 Liquid Roast Dispenser has **12 Times** the output. In addition, the Liquid Roast dispenser eliminates waste due to over brewing and absorption during brewing.*
